

The Federal Communications Commission

Dear The Federal Communications Commission,

I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund.

Low-volume, such as myself, and primarily residential customers would bear the same universal service fund burden as a high-volume residential or business customers.

I use my wireless phone for safety and security. I don't want to lose these benefits so that big businesses can pay less than their fair share. Reject the proposal to move the USF collection system to a flat-fee.

Sincerely,
